

Adjustable Support Pads

ASP, TD, TD PLUS & TD Mobile Range

125-160mm High Weight Tolerance Test Data Sheet

Description	Adjustable Support Pad		
Height Adjustment	125-160mm		
Material	Polypropylene		
Diameter of Head Piece	120mm		
Diameter of Screw	73mm		
Diameter of Nut	106 x 106mm		
Diameter of Base	200mm		
Conditioning	23±2 °C / 50± 5%		
Conditions of Test	Room temperature		
Test Equipment	Dynamometer Instron model 5500R graduated from the centre		
Test Method	The support pad is subject to compression between two rigid plates up to the maximum load		
Rate of Test	5mm per minute		

Test No.	Height Adjustment mm	Maximum Load N	Deformation at maximum load
1	160	15194	9.4
2	160	14885	9.2
3	160	14733	8.6
4	160	14867	8.5
5	160	14955	8.6
	Average value	14926 N	8.8 mm
	Standard deviation	169 N	0.4mm
	Variation	1%	4.6%
